Introduction

The Student Right to know and Campus Security Act of 1990, also known as "*The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act*", was enacted by Congress and signed into law in November of 1990. In 1992 and 2008, Congress significantly amended the law, expanding the reporting criteria.

In order to comply with provisions of "*The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act*", information from the University community and local law enforcement agencies are compiled and published annually by UNLV Singapore. As law enforcement professionals tasked with the maintenance of a safe and secure educational environment, it is our responsibility to provide a comprehensive report regarding the campus public safety environment including the incidence of crime.

This report summarizes public safety and law enforcement policies in effect at UNLV Singapore. It highlights crime reporting procedures, crime prevention programs, and other services available to the campus community. Crime statistics for the 2006-12 calendar years are also provided as is information regarding the number of arrests made for certain designated criminal offenses during these time periods. It should be noted that the crime statistics included in this publication are organized by locations that are identified as either owned or leased property belonging to UNLV Singapore. The statistics include incidents involving non-student, non-faculty and non-staff individuals.

UNLV Singapore
100 Victoria Street,
National Library Building, #11-02
Republic of Singapore 188064

UNLV Singapore is a branch campus of University of Nevada, Las Vegas. It is located on Victoria Street in the 10th and 11th floor of the National Library Building. UNLV Singapore has no residential or off campus facilities and now serves less than 300 students.

Part I - UNLV Singapore Security Services

What is the UNLV Department of Police Services, and where is it located?

UNLV Singapore has no dedicated security services but relies on private security employed by the National Library Board and the local police and fire departments.

What are the contact numbers for the Singapore Police ?

Emergency (from any on-campus telephone)

9-9-9

Who at the University is responsible for investigating crime and keeping crime statistics?

UNLV Singapore administration is responsible for maintaining records of incidents on campus and provides timely reports to the campus community regarding significant crime trends. Crime statistics are provided for the history of the campus in the back of this publication. The UNLV Annual Security Report is updated annually and is provided to all students, employees, and applicants for admission and employment.

The administration provides crime statistic reports and other public information to the community it serves within a reasonable time from the date of the request based on its staffing and workload.

If I observe or know of a crime, what should I do?

UNLV encourages all students, faculty, staff and guests of the University to report actual or suspected criminal behavior or other emergencies that occur on campus to the Singapore Police. To report a crime in progress or an emergency, dial 9-9-9 from any on-campus phone.

In compliance with the "Clery Act", our crime reporting statistics are

published annually and are available at the Assistant Dean's office and on the UNLV Web Site at <http://www.unlv.edu.sg/campussecurity>

How do I make a confidential report of a crime for statistical purposes and who are your Campus Security Authorities?

UNLV has different ways to assist individuals in the accurate and prompt reporting of all crimes. The University prefers that all crime experienced by students, faculty, employees and guests be reported to the Singapore Police. However, if an individual does not wish to make a formal report to the local police, they are encouraged to make a confidential report (for statistical reporting purposes only) to any designated Campus Security Authority (CSA). At UNLV Singapore, designated CSAs have the authority and the duty to take action or respond to particular issues on behalf of the institution, and include:

The administration contacts Campus Security Authorities monthly in order to obtain any criminal statistical information that needs to be included

in the Annual Security Report as well as to monitor for serious and/or ongoing threats to our community that would warrant the issuance of a Timely Warning. Included in this monthly contact is a notice to the Academic Affairs Managers responsible for student advising, if and when they deem it appropriate, should inform persons they are counseling of any procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

How is building security maintained?

The same building access and security policies apply to all four lockable sections of the UNLV Singapore campus.

Building security is everyone's responsibility. Access to campus buildings and grounds is a privilege extended to students, faculty, staff, and guests. The university encourages an open environment with limitations to assure adequate protection of all members of the university community. In addition, both administration and Student Security Authorities work to identify potential problems and unsecured facilities on a routine basis. All requests for room or building openings must be made in advance by request to the Assistant Dean's office at 6332-9538. The Administration then assumes the responsibility for opening rooms or buildings that have been authorized and documented on a weekly basis.

Working with facility designers and engineers, Campus Housing, the University administration, Student Government, and the Facilities Management and Planning Department, security for campus facilities has been enhanced through the use of state-of-the-art card access systems and secondary locking devices. These systems help ensure that faculty, staff, and students with the proper authorization are granted access into university buildings after established business hours. The general public can attend cultural and recreational events on campus with access limited to the facilities in which the events are being held.

All instructors are required to carry and use a Marlok Card to access classrooms. Full-time faculty have access to all classrooms secured by the Marlok system, and they cannot expect or request other campus personnel to open classroom doors for them except under exceptional circumstances (e.g., Marlok Card that had been working stops working). If under exceptional circumstances a faculty member is unable to access an assigned classroom, they should contact the Assistant Dean's office at 6332-9538. Please note that classrooms will not be unlocked in advance of an instructor's arrival to the classroom, as this leaves the space unmonitored and unsecured. It is the responsibility of the faculty member to carry their university identification if they are requesting doors to be unlocked and to be able to demonstrate why they should be accessing the room.

Other Classroom and Building Issues

Please do not swap classrooms or change classrooms without first getting

permission through the administration. UNLV Singapore needs to track all such changes so students can be informed, and for security reasons and classroom utilization studies.

Each classroom has an occupancy capacity set by Singapore authorities. Please have only the appropriate number of chairs in the classroom. Additional students should not sit in a classroom because of exiting issues in case of an emergency.

Doors should not be propped open or the latching mechanism blocked to keep doors from locking. This violates fire regulations, allows free access to the facilities, and could lead to an incident of vandalism and theft.

Please close, and where appropriate lock, doors when leaving an office, the union, classroom, or building. Also please turn off all lights when leaving an area.

If you see doors left unlocked or propped open, please help to secure the door or call the Assistant Dean's office at 6332-9538.

Does the University check the lighting on campus at night?

UNLV Singapore facilities management routinely performs checks of lights on campus that need repair. Information about needed maintenance or repair is submitted to the administration.

What safety tips does UNLV Singapore offer?

UNLV Singapore is proud of its campus safety and security record. The administration recommends the use of these simple common sense rules.

Walking on/off Campus

If possible avoid traveling alone. Walk in well-lit areas. Do not take shortcuts. Be alert while walking. Observe your surroundings. When walking to your vehicle have your keys ready in your hand. Do not carry large sums of money, conspicuous jewelry or other valuables. Keep purses tucked closely under your arm.

In the Office

If you are working alone during off-hours, keep your doors locked.

In the Classroom

Avoid studying or being alone in inactive areas such as empty classrooms or stairwells.

What theft prevention advice does the UNLV Singapore offer?

In the Office

Handbags quite often are left unattended in the bottom desk drawer, a situation of which thieves are well aware. Secure your handbag at all times.

Retrieve keys from persons no longer affiliated with your office. Do not leave keys lying around. Report lost keys to the administration immediately.

Lock your door when leaving the office unattended no matter how long you plan to be gone.

Small items such as calculators, radios, and tape recorders should be locked up when not in use.

Report all suspicious persons immediately to the administration.

In the Classroom

Never leave handbags or briefcases unattended.

When taking a break, secure your valuables or take them with you.

In the Basement Parking Lot

Park in well-lit areas.

Always lock your car, and take your keys.

Always set any alarms or security locks.

Remove car radio if possible.

Avoid leaving any packages or valuables in open view inside auto.

Part II - The UNLV Singapore Annual Security Report

What is the UNLV Annual Security Report?

Security and public safety is a campus-wide endeavor and requires the cooperation and support of the entire UNLV Singapore community. For this reason, the administration, in compliance with U.S. federal legislation, has prepared this report. We hope that it will be informative and useful in maintaining the safety and well-being of the community. There are several ways to obtain a copy of this report. The UNLV Annual Singapore Security Report is located on the internet at <http://www.unlv.edu.sg/campussecurity> and is also available at the Assistant Dean's office at 6332-9538. You may obtain a copy in person or through the mail, free of charge.

What is the Timely Warning Policy for UNLV Singapore and how are timely warnings disseminated?

UNLV will make every effort to provide a safe and secure environment for everyone. In the event an incident occurs that may present an ongoing or continuing threat, the Associate Dean and Managing Director determines whether or not a Timely Warning should be issued. If the decision is made to issue a Timely Warning, the administration will provide the university community with a notice as soon as possible but no longer than 24 hours from the reported incident via a campus wide email and physical posting throughout the campus. If the Assistant Dean determines that because of the nature of the emergency the consultation step should be pre-empted in order to disseminate the warning as quickly as possible, he/she will do so. The notice will provide information about the incident as well as crime prevention and safety information.

Your safety on campus is vitally important. The key to a safe and secure environment is cooperation. By working together, students, faculty and staff members can learn more about safety awareness. By taking responsibility, we can all help each other. Information regarding campus security and personal safety, including topics such as crime prevention, public safety, peace officer authority, crime reporting policies, crime statistics for the most recent three year period, and disciplinary procedures is available from the Assistant Dean's office at 6332-9538.

What is the Daily Log and how is it disseminated?

The Daily Log is a daily listing of the nature, date, time, general location, and disposition of each crime reported to the administration for a period of six months. The log is open for public inspection by request at the Assistant Dean's office from Monday through Friday from 8:30am to 5:30pm, excluding holidays. The Daily Log may also be viewed on the World Wide Web by clicking on the <http://www.unlv.edu.sg/campussecurity>

All crimes that are reported are entered in the Daily Log and reports are filed with a unique identification number. The Daily Log contains the nature of the crime, date, time, general location, and disposition of the complaint. The log entries are utilized by the administration to prepare this annual report of crimes on campus as mandated by the Jeanne Clery Act for each calendar year.

What categories of crime do you include in the Student Right to Know Report in the back of this report?

This report focuses on the federal requirements under the "Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act." UNLV Singapore must produce and distribute an annual security report containing crime statistics and statements of security policy.

The following categories of crime for the campus, certain non-campus properties and certain public property areas that have been reported to local police and the administration, must be disclosed for the most recent 3 years. In preparation for collection of these statistics, crime statistics were requested from the local Police Department for the areas surrounding the campus. Local police could not provide a statistical

breakdown appropriate for Clery Act reporting for the campus area, however you may obtain copies of the requests for these statistics as well as any statistics provided by their departments, free of charge, by contacting the administration.

Criminal Homicide

Negligent Manslaughter

The killing of another person through gross negligence.

Murder and Non-negligent Manslaughter

The willful (non-negligent) killing of one human being by another.

Sex Offenses-Forcible

Any sexual act directed against another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent.

Forcible Rape

The carnal knowledge of a person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her temporary or permanent mental or physical incapacity (or because of his/her youth).

Forcible Sodomy

Oral or anal sexual intercourse with another person, forcibly and/or against that person's will; or not forcibly against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.

Sexual Assault with an Object

The use of an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.

Forcible Fondling

The touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person's will; or, not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth

or because of his/her temporary or permanent mental incapacity.

Sex Offenses-Non-forcible

Unlawful, non-forcible sexual intercourse.

Incest

Non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape

Non-forcible sexual intercourse with a person who is under the statutory age of consent.

Robbery

The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated Assault

An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

Burglary

The unlawful entry of a structure to commit a felony or a theft.

Motor Vehicle Theft

The theft or attempted theft of a motor vehicle.

Arson

Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Hate Crimes

Any of the above-mentioned offenses, as well as any incidents of larceny-theft, simple assault, intimidation, and destruction/damage/vandalism of property in which the victim or property was intentionally selected because of the perpetrator's bias are reported as hate crimes. Hate crimes are also reported by category of prejudice based on the following: race, gender, religion, sexual orientation, ethnicity/national origin, or

disability. Hate crimes must also be reported under the categories of: On-campus, residential facilities, non-campus building or property, and public property.

Weapon Law Violations, Drug Abuse Violations, Liquor law violations

The law also requires that colleges and universities provide statistics for the following categories of arrest or referrals for campus disciplinary action (if an arrest was not made): Liquor law violation, drug law violation, and illegal weapons possession. Only violations of the aforementioned criminal laws are reported. Instances where only a violation of institutional policy occurred are not included.

Weapon Law Violations

The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices, or other deadly weapons. This classification encompasses weapons offenses that are regulatory in nature. Included in this classification: manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed or openly; using, manufacturing, etc., of silencers; furnishing deadly weapons to minors; aliens possessing deadly weapons; and all attempts to commit any of the above.

Drug Abuse Violations

The violation of laws prohibiting the production, distribution, and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation, or importation of any controlled drug or narcotic substance. Arrests for violations of state and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs. The relevant substances include: opium or cocaine and their derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics (demerol, methadones); and dangerous non-narcotic drugs (barbituates, benzedrine).

Liquor Law Violations

The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession or use of alcoholic beverages, not including driving under the influence and drunkenness. Included in this classification are the manufacture, sale, transportation, furnishing, possessing, etc., of intoxicating liquor; maintaining unlawful drinking places; bootlegging; operating a still; furnishing liquor to a minor, or intemperate person; underage possession; using a vehicle for illegal transportation of liquor; drinking on a train or public conveyance; and attempts to commit any of the above.

Crimes are compiled and reported based on the following geographic areas:

1. On-campus building or property:

Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and

Any building or property that is within or reasonably contiguous to the above, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

2. Non-campus building or property:

Any building or property owned or controlled by a student organization that is officially recognized by the institution; or

Any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

3. Public Property

All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and is accessible from the campus.

For the purposes of paragraph "1" above, On-campus for the UNLV Singapore Campus is defined as the property bordered by the sidewalks opposite the campus on Middle Road to the east, Victoria Street to the north, North Bridge Road to the South and Bain Street to the west of the National Library Building.

What are the policies for preparing the statistics for the UNLV Annual Security Report?

As required by U.S. federal law, UNLV Singapore's yearly crime statistics for this report are compiled on a calendar-year basis in accordance with the definitions of crimes provided by the FBI for use in the Uniform Crime Reporting (UCR) system. These statistics are gathered, and the Annual Security Report is prepared, by the administration. The report includes statistics since 2006. These statistics are gathered from reported crimes to the administration as well as crimes reported to other campus officials with significant responsibility for student and campus activities (known as Campus Security Authorities). In addition, statistics are also included for those persons referred for campus conduct action for categories required under the Clery Act, including liquor law violations, drug law violations, and illegal weapons possession. Future reports will be promulgated on

October 1 of each year. Statistical information for public property within or immediately adjacent to and accessible from the campus were requested from the Singapore Police Force (SPF). The jurisdiction of the SPF surrounds UNLV properties and their crime rate may be higher. Respondents could not provide a statistical breakdown that was geographically appropriate for Clery Act reporting; however, statistical information provided by those agencies that responded is open for public inspection at the Assistant Dean's office and copies are available free of charge and can be mailed upon request. You can make such requests by contacting the administration at 6332 9538.

The charts that are found in the back of this report from 2006 are reflective of the requirements mandated by federal law for compiling this report that became effective July 1, 2000.

Part III - Sexual Assault

What Sexual Assault Awareness and Prevention Programs and Counseling Services does UNLV provide?

It is our hope that no one within our campus community will become a victim of sexual assault, stalking, or domestic or dating violence. However, if it occurs, students are encouraged to contact the following authorities:

- To notify and report the crime, contact the Singapore Police Force at 9-9-9.

Whenever possible, a person who has been assaulted should not shower, bathe, or brush his or her teeth as evidence collected is critical for future criminal prosecution. Medical attention is strongly encouraged in addition to reporting the crime. If a survivor of sexual assault would prefer to remain anonymous, he/she can receive an evidentiary exam at no cost at an area hospital without filing a police report. If a survivor chooses to file a police report, it should be noted that a police report states what happened and does not require the survivor to press charges. The choice remains with the individual whether to press charges.

Survivors of sexual assault at UNLV have several options for care and services. The survivor has the right to accept or decline any of the following:

- Receive medical care i.e. evaluation and treatment for injuries and preventative medication for sexually transmitted diseases and pregnancy.
- File criminal charges.
- File civil charges.
- File University conduct charges.

- A right to change academic and living situations if such options are reasonably available.
- Seek sexual assault services off-campus.

The circumstances surrounding sexual assaults on college campuses can be quite different from those that occur elsewhere. Many of the incidents occur under circumstances commonly referred to as 'date rape' or 'acquaintance rape,' when someone who is familiar forces sexual intercourse without consent. Date or acquaintance rape is a form of sexual assault. It is an unlawful, sexually violent behavior that victimizes women, men, and transgender people. Because often the survivor knows the perpetrator, he/she may not see the incident as a serious crime and/or may place some of the blame for the incident upon her or himself. Acquaintance rape in college surroundings quite often follows the use of alcohol and/or drugs by the survivor and/or the perpetrator.

Coping with the after-effects of sexual assault can be difficult. Talking with a counselor can help students understand their reactions and feelings and, ultimately, minimize the impact of the trauma. Confidential crisis counseling is available to UNLV Singapore students through the facilitators of Singapore Institute of Technology. The 24 hour helpline number is 9336-0159.

It is the policy of UNLV Singapore to bring conduct charges against students involved in sexual assault, non-stranger sexual assault, or other sex offenses, forcible or non-forcible. The complainant and the charged student are entitled to the same opportunities to have an advisor and or witness present during a conduct proceeding. Both parties shall be informed of the outcome of a campus conduct proceeding brought about by an allegation of a sex offense. If the alleged victim of a crime of violence or a non-forcible sex offense is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim and will upon written request receive the results of the outcome of a campus conduct proceeding. The UNLV Student Conduct Code establishes conduct procedures for UNLV students and is available online at <http://studentconduct.unlv.edu/>. Students found in violation of the UNLV Student Conduct Code because of sexual assault may face sanctions including but not limited to university suspension or expulsion.

UNLV Singapore will act to prevent any reoccurrence after an alleged sex offense upon request from a complainant, including assisting in changing the complainant's academic and living situation, if those changes are reasonably available. The options for change include, but are not limited to, changing of room assignment, or hall assignment, reassignment to a different section of the same academic class, issuing of "No Contact Orders", and other reasonable conditions as situations deem appropriate.

The administration uses the National Incident-Based Reporting System guidelines of the Uniform Crime Reporting edition when categorizing sexual offenses for this report.

Part IV - Discrimination and Sexual Harassment

How does UNLV deal with issues of discrimination and sexual harassment?

Filing Complaints of Discrimination and Sexual Harassment

Individuals who believe that they are victims of discrimination, including sexual harassment, should notify their supervisors immediately or contact the University's EEO/AA Officer, Juanita P. Fain, Ph.D., at +1 702-895-3656.

Students, prospective students, employees and applicants are protected from intimidation, coercion, interference, or discrimination for filing complaints or assisting in the investigation of a complaint under all applicable federal and state laws and regulations, including:

- Title VII of the Civil Rights Act of 1964, as amended.
- Age Discrimination in Employment Act, as amended.
- Title IX of the Education Amendments of 1972, 20 U.S.C. Secs. 1681 et seq.
- Section 503 of the Rehabilitation Act of 1973
- Vietnam-Era Veterans Readjustment Assistance Act of 1974, as amended.
- Americans with Disabilities Act of 1990.
- Civil Rights Act of 1991.

The EEO/AA Officer, Vice-President of Student Affairs Juanita P. Fain, Ph.D., receives all complaints of discrimination and/or harassment. If, after conducting an investigation of the charges disciplinary action is warranted, the case is referred to the appropriate administrative officer for disciplinary action.

As a recipient of federal funding, UNLV is required to maintain a comprehensive and current Affirmative Action Plan. The Affirmative Action Plan will be monitored on a continuous basis, and modified as necessary, in compliance with federal law. The Affirmative Action Plan will guide the success of diversity initiatives for the campus community.

An on-line training option in the area of preventing sexual harassment is available for supervisors, new faculty, and is also available to the campus community. Please contact Assistant Dean's office 6332-9538 for additional information.

Part V - Fire Prevention

What can I do to help lessen the damage of, or even prevent, fires on

campus?

Fire prevention is the shared responsibility of all members of the university community. UNLV Singapore works closely with the National Library Board to provide fire prevention information to the university community. Awareness is probably the best weapon in maintaining a safe, fire-free environment. You should take the following precautions to protect yourself and others while on campus:

1. Report any condition that creates a fire hazard (trash in the corridors or stairwells, missing fire extinguishers, blocked floor exits or stairwells, etc.) to the administration.
2. Know where the fire extinguishers are located. Learn how to operate them.
3. Know the location of the fire alarms and how to activate them.
4. Know where the nearest exits are and be prepared to use an alternative exit, if necessary. Plan how you would escape through each of these exits in case of a fire.
5. Know the location of the fire stairwells.

Treat fire drills as real emergencies. Remember, practice becomes routine, which expedites evacuation, prevents confusion, and minimizes panic.

During fire drills or a real fire, follow the instructions of DPS police officers, Clark County firefighters, and other emergency responders.

NEVER USE AN ELEVATOR TO EVACUATE THE BUILDING.

What should I do if I discover a fire?

Any person who discovers a fire, smoke, or an unusual amount of heat should do the following:

1. Pull the nearest Fire Alarm.
2. Notify those in the immediate area of the danger.
3. Assist in removing any disabled person(s) from the immediate area and to the stairwells to wait for fire department personnel. Inform responding emergency personnel that there is (are) a disabled person(s) in the building and what stairwell and floor the disabled person(s) is (are) on.
4. Assemble outside your building or facility at the predetermined location.
5. Follow instruction given by the National Library Board personnel and/or the administration.

Part VII - Drugs, Alcohol, and Weapons

What should I know about drugs and alcohol on campus?

It is the policy of UNLV that any action or situation, which recklessly or intentionally endangers mental or physical health or involves the forced consumption of liquor or drugs for the purpose of initiation or affiliation with any organization, is prohibited.

The unlawful possession, use, sale, or distribution of alcohol by students or employees on university/college premises as part of any university activity is prohibited. The legal age for drinking alcohol in Singapore is 18, and the law deals harshly with underage drinking. It is also against the law in Singapore to sell or give alcohol to anyone under the age of 18. UNLV Singapore enforces the underage drinking laws by criminally reporting the offender, referring them for disciplinary action, or a combination of those actions.

Alcohol is allowed on campus in only one case. Alcohol must be authorized by the Associate Dean in the form of explicit written permission.

The unlawful possession, use, sale, manufacture, or distribution of illegal drugs or other controlled substances on the university premises or as part of any university activity is illegal and is prohibited. UNLV Singapore is a drug free campus. Employees of UNLV Singapore must also notify the Assistant Dean of any criminal drug statute conviction occurring on the premises of the workplace or on business. Notification must occur within five (5) working days after such conviction. If the employee fails to make the notification, he must be dismissed.

The possession or use of illegal drugs is a serious crime in Singapore. Anyone found in possession of or using such drugs on college property will be severely dealt with and will face criminal charges, referral for disciplinary action, or both.

Can I bring a weapon on to the campus of UNLV?

No! No one shall have in their possession a rifle, shotgun, firearm or any other dangerous instrument or material that can be used to inflict bodily harm on an individual or damage to a building or the grounds of the campus. Violators will be reported to the Singapore Police and also subject to disciplinary procedures of UNLV.

Part VIII - What other information do I need to know?**What is your current campus policy regarding immediate emergency response and evacuation procedures?**

In the event of an actual emergency the campus community will be notified through e-mail, and the UNLV Singapore website. Students should take responsibility for regularly checking their e-mail. In order to receive campus-wide e-mail announcements, students must use their rebel mail account. Instructions for automatic forwarding of e-mail messages from a University account to another account, a personal data device or phone are available from the IT staff or your phone service provider.

Notification to the UNLV Singapore Community about an Immediate Threat

If the administration confirms that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of UNLV Singapore, use some or all of the systems described below to communicate the threat to the Community or to the appropriate area of the community, if the threat is limited to a particular area or part of the population. The administration will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification.

In the event of a serious incident that poses an immediate threat to members of the UNLV Singapore community, the administration has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of an immediate threat to the UNLV campus community. These methods of communication include network emails and posting notices.

Procedures for Testing Emergency Response and Evacuation Procedures

Evacuation /Fire drills are conducted by the National Library Building staff as regard by Singapore laws and regulations.

The purpose of evacuation fire drills is to prepare building occupants for an organized evacuation in case of an emergency. At UNLV Singapore, evacuation drills are used as a way to educate and train occupants on issues specific to their building. During the drill, occupants 'practice' drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm. In addition to educating the occupants of each building about the evacuation procedures during the drills, the process also provides the University an opportunity to test the operation of fire alarm system components.

Shelter-in-Place Procedures - What it Means to "Shelter-in-Place" If an incident occurs and the buildings or areas around you become unstable, or if the air outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors, because leaving the area may expose you to that danger. Thus, to "shelter-in-place" means to make a shelter of the building that you are in, and with a few adjustments this location can be made even safer and more comfortable

until it is safe to go outside.

Basic "Shelter-in-Place" Guidance: If an incident occurs and the building you are in is not damaged, stay inside-seeking an interior room-until you are told it is safe to come out. If your building is damaged, take your personal belongings (purse, wallet, Rebel Card, etc.) and follow the evacuation procedures for your building (close your door, proceed to the nearest exit, and use the stairs instead of the elevators). Once you have evacuated, seek shelter at the nearest building quickly. If police or fire department personnel are on the scene, follow their directions.

How You Will Know to "Shelter-in-Place": A shelter-in-place notification may come from several sources, including the administration, National Library officials or governmental authorities.

How to "Shelter-in-Place": No matter where you are, the basic steps of shelter-in-place will generally remain the same. Should the need ever arise, follow these steps, unless instructed otherwise by local emergency personnel:

1. If you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a telephone to be used in case of emergency. If you are outdoors, proceed into the closest building quickly or follow instructions from emergency personnel on the scene.
2. Locate a room to shelter inside. It should be: -An interior room; -Above ground level; and -Without windows or with the least number of windows. If there is a large group of people inside a particular building, several rooms maybe necessary
3. Shut and lock all windows (tighter seal) and close exterior doors.
4. Turn off air conditioners, heaters, and fans.
5. Close vents to ventilation systems as you are able. (University staff will turn off ventilation as quickly as possible.)
6. Make a list of the people with you and ask someone (Housing and Residential Life staff, faculty, or other staff) to call the list in to DPS at 702 895-3669, so they know where you are sheltering. If only students are present, one of the students should call in the list.
7. Turn on a radio or TV and listen for further instructions.
8. Make yourself comfortable.

The administration is responsible for notifying the university community of any danger or immediate threat to public safety. Procedures include but are not limited to Email notifications, in person notifications if

operationally feasible, posting or use of sound amplification equipment.

Part IX - Dissemination of the Annual Security Report

How is the Annual Security Report disseminated to current employees, current students, prospective employees, and prospective students?

Dissemination of this Annual Security Report is performed in the following manner by October 1st:

For current employees, an e-mail notice describing the availability of the report, a description of its content, the exact electronic address where it may be found, and a statement that a paper copy will be provided upon request is sent over outlook (UNLV Singapore email) using the UNLV Singapore Official mail list to every current employee. In addition, a postcard notice is physically delivered to each current employee via hand delivery.

For current students, an e-mail notice describing the availability of the report, a description of its content, the exact electronic address where it may be found, and a statement that a paper copy will be provided upon request is sent over Rebelmail to every current enrolled student.

For prospective employees, a link to the report is found by clicking the "Campus Safety Report" link on the UNLV Singapore Human Resources website at <http://www.unlv.edu.sg/career>.

For prospective students, a link to the report is found by clicking the "Annual Jeanne Clery Campus Safety and Security Report" link on the UNLV Singapore webpage <http://www.unlv.edu.sg/campussecurity>

Where can I directly access the Annual Fire Safety Report?

You may directly access the Annual Fire Safety Report by contacting the Assistant Dean's office at 6332-9538.
